September 2009

Dear Friends,

I hope you enjoyed the Labor Day weekend. I spent it with my family and working on the house with my husband. To me, September means cramming in everything I didn't get around to during the summer--in the yard, around the house, and with friends and family.

Remember that this is the time to prepare your garden for next season. Plant bulbs, fall fertilizer, and compost, compost, compost! We have supplies for everything you need to do to wrap up the season, inside and out--compostable leaf bags, lawn fertilizer and grub killer for outdoors; insulation, caulk and paint for indoors.

During this time of change--school's back in, schedules are filling up, and the days are getting shorter--try to enjoy September, the time during which summer and fall meet, hold hands, and lead us toward a new season.

Yours,
Maria Onesto Moran
President

Introducing the Green Buck\$ Program

Are you looking for a new way to raise funds for your school or non-profit organization? Green Home Experts is looking for ways to give back to the community, so we've introduced **Green Buck\$**.

All non-profit organizations with proof of status are eligible to participate in the program. Green Home Experts issues vouchers that your organization dispenses to supporters, who must issue those vouchers when they shop at GHE. Each group gets 2 weeks per year to participate, and GHE donates 5% of the pre-tax sales back to the group.

Currently, **Green Buck\$** programs are running in several schools. Openings are available Oct. 5-Dec. 1 and will re-start in January 2010. Sign up today to ensure a spot for next year! [Email](#), call, or drop in the store for more info and to sign up.
